

# Suggestion: Divert 12 Kingston Road

- divert via Birchmount Road and Danforth Avenue
- would add 2 min travel time
- every other bus daytime, every bus evening and weekends
- projected ridership 200 per day
- inconvenience to 3320 customer-trips per day
  - carried out of way
  - longer wait time entire route because of longer route length
  - longer wait time at stops on Kingston Road that lose half their service
  - longer walk from Kingston Road when all buses go via Danforth
- not recommended – would make service worse overall

## Suggestion: Divert 12 Kingston Road

Benefit/ Convenience	Customers per day	Effect	Weight	Weighted Customer- minute change	
shorter walk	200	-4 minute shorter walk	2.5	-2,059	✓
longer travel time	830	+2 minute longer trip	1.0	+1,661	✗
longer wait, entire route	3,321	+12 to +20 second longer wait	1.5	+880	✗
longer wait, stops on Kingston Road	369	+3 to +5 minute longer wait	1.5	+2,520	✗
longer walk, stops on Kingston Road	34	+4 minute longer walk	2.5	+316	✗
