

TORONTO TRANSIT COMMISSION

Service Summary

October 14, 2001
to
January 5, 2002

SERVICE SUMMARY

This is a summary of all transit service operated by the Toronto Transit Commission for the period indicated. All rapid transit, streetcar, bus, and community bus routes and services are listed. The summary identifies the routes, gives the names and destinations, the garage or carhouse from which the service is operated, the characteristics of the service, and the times of the first and last trips on each route. The headway operated on each route is shown, together with the combined or average headway on the route, if more than one branch is operated. The number and type of vehicles operated on the route are listed, as well as the round-trip running time, the total terminal time, and the average speed of the route.

The first and last trip times shown are the departure times for the first or last trip which covers the entire branch. In some cases, earlier or later trips are operated which cover only part of the routing, and the times for these trips are not shown.

Additional notes are shown for routes which interline with other routes, which are temporarily operating over different routings, or which are temporarily operating with buses instead of streetcars.

Headways are shown in minutes and seconds. Running times and terminal times are shown in minutes. Distances are shown in miles and speeds are shown in miles per hour.

The map on the cover is a current map of the TTC route network for the period covered by this summary.

At the end of the document is a summary of the number of vehicles and trains operated, by time period, a list of all TTC routes (in alphabetical order, in numerical order, and grouped by division), and a list of all connections at rapid transit stations.

This Service Summary covers the three board periods between October 14, 2001, and January 5, 2002. During the Christmas season, service will be provided as described below; these changes are not shown in detail in the Service Summary. The next Service Summary to be published will be for the board period which begins on January 6, 2002.
